Sheet #57MMBE

**ENGINE MOUNTS**  
**66-72 B-body**  
**70-74 E-body**

**Biscuit style engine mounts**

- Designed for GEN III Hemi Classic Car applications only.
- Designed for use with V8 K-member only.
- (!) Compatible with our 57HC and 61HC headers.
- (!) Low-mount A/C compressor: Clearance can be achieved by modifying the #1 header tube. See illustration below.
- (!) Rubber insulator anchors are not included with mounts.

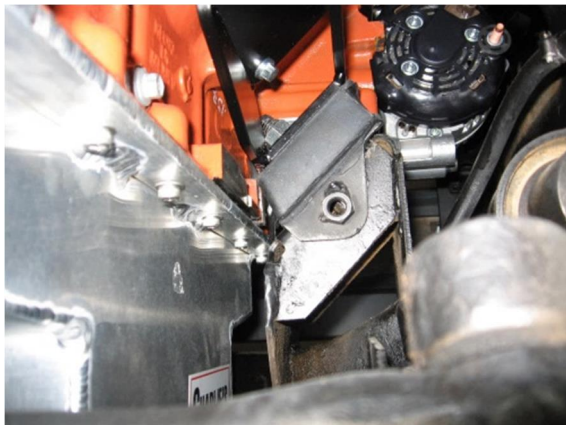

**Engine mount part #57MMBE**

Includes 10mm x 25mm x 1.5 pitch bolts.

**Rubber Insulators** are not included with engine mounts. The stock insulators can be used however, they will require modification. Insulators are available through Schumacher Creative Services of Seattle, WA. [www.engine-swaps.com](http://www.engine-swaps.com)

*Modified stock rubber insulators shown.*

Factory air compressor.

DIY alternative for 66-72 B-body & 70-74 E-body applications only: Make a small indentation in the #1 header tube to clear the factory low-mount A/C compressor.
